

KEYNOTE SPEAKER · BUDAPEST

The future of health in the era of AI — science on stage.

BERTALAN THURÓCZY · BIOMEDICAL ENGINEER · LONGEVITY RESEARCHER · AUTHOR · MARATHON RUNNER

Keynote talks for conferences and corporate events – in English and Hungarian, 20–90 minutes.

I was diagnosed with cancer at 21. Today I research longevity and artificial intelligence as part of my PhD, supervised by medical futurist Dr. Bertalan Meskó. At the heart of my Meta sapiens concept is the "third brain": a personal, encrypted knowledge base that turns AI into a personalised longevity health coach.

KEYNOTE TOPICS

Meta sapiens keynote

BASED ON MY LATEST AI AND LONGEVITY RESEARCH

The intersection of longevity and AI, focused on the personalised AI longevity health coach — the "third brain" concept.

Super sapiens keynote

BASED ON TALKS FROM RECENT YEARS

Longevity in practice, focused on biosensors and digital health technologies serving everyday health-conscious living.

Meta sapiens workshop

INTERMEDIATE LEVEL

Building a personal AI longevity health coach with an LLM, Obsidian and your own health data. Primarily for leaders and mastermind groups.

KEYNOTE TOPICS

Super sapiens workshop

HANDS-ON WORKSHOP

Biosensor measurements (CGM, Oura Ring, Whoop, MUSE), genetics, microbiome, glucose and body composition — through my own measurement results.

Will to live — resilience

TEDx@BUDAPEST

The story told on the TEDx stage: how mental resilience is built when you face death at 21.

FORMATS

Conference keynote	20–45 min
In-house corporate talk	45–90 min
Panel, moderation	30–60 min
Workshop – Super / Meta sapiens	90–180 min
Podcast, TV, radio, interview	on request

WHAT I ADDITIONALLY PROVIDE TO ORGANIZERS

- Personal or online consultation before the event, so the message fits the event's goal and audience.
- Tailored talk content aligned with your brand or the event's identity.
- Optional signed books: Believe, Live, Run · Super sapiens.
- Internal communication materials: portrait photo, bio text and video assets for promotion.
- External communication materials: LinkedIn collaboration post and a blog article on tberci.com about the event.
